

16/11/20

Dear Parents,

This week we will be

- Learning the sounds y, z, zz and qu and practising recognising the words her, all and are.
- We will be continuing to practice the formation of all the new letters we have learnt and will be trying hard to write simple words as independently as possible.
- We will be learning all about the festival of Diwali and creating our own rangoli patterns using sand, chalk and a range of paints and natural materials. We are also hoping to make our own diva lamps.
- We will be using Numicon to help us create number sentences. We are becoming more familiar with the addition and equal signs.
- We will be playing games that help us to familiarize ourselves with a range of positional language.
- We will be learning how to form the number 9 and will be practising careful counting.
- In PHSE, we will be talking how we look and how all of us look different from each other.
-

At home...

It would be great if you could..

- Cut up the numbers that are attached to this homework and ask your child to order them correctly from 1-10
- Ask your child to tell you all about what they have learnt about the festival of Diwali. Can they tell you about what the meaning is behind the festival and how families prepare for it.
- Look for shapes around the home. Do feel free to make lists so that your child can share their findings with their friends.

Thank you so much for all of your support.

Miss Munn, Mrs Boldero and Miss Bews
